My dear Sir, I received your letter of the 20th inst. in respect
to the matter, in which you mention your intention of opening
a branch of your business in the city, and as you wish to
know what steps you should take, I am sorry to hear,
but must tell you, that the only way to proceed is to
write to the proper authorities and to inquire into the
matters which are connected with your proposed
branch of business, and to see that you are
fully acquainted with all the particulars which
may be necessary for the successful carrying
on of your business in the city.

Should you wish to open a branch of your business
in the city, you must be very careful to see that
you are fully acquainted with all the particulars
which may be necessary for the successful carrying
on of your business in the city. You must also
be very careful to see that you are fully
acquainted with all the particulars which may
be necessary for the successful carrying on of
your business in the city. You must also be
